

Bleumi Pay Hosted Checkout for WooCommerce

Accept quick and secure digital currency payments (like Tether USD, USD Coin, Stasis EURO, CryptoFranc) in your WooCommerce Store with Bleumi Pay.

Integration Overview

Step 1: Configure your Bleumi Pay Account:

- Create API Key
- Setup Gas Accounts
- Setup Hosted Checkout

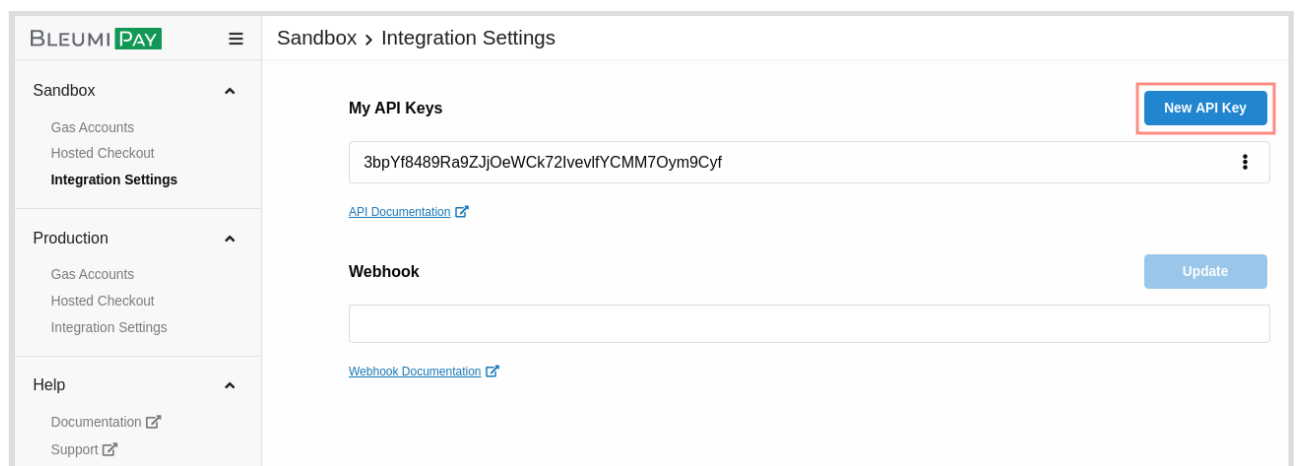

Step 2: Install & Configure Bleumi Pay WooCommerce Plugin on your WooCommerce Store.

Step 1: Configure your Bleumi Pay Account

Create API Key

Log in to [Bleumi Pay Dashboard](#) and navigate to **Sandbox (or) Production > Integration Settings** and click **New API Key** to create an API Key.

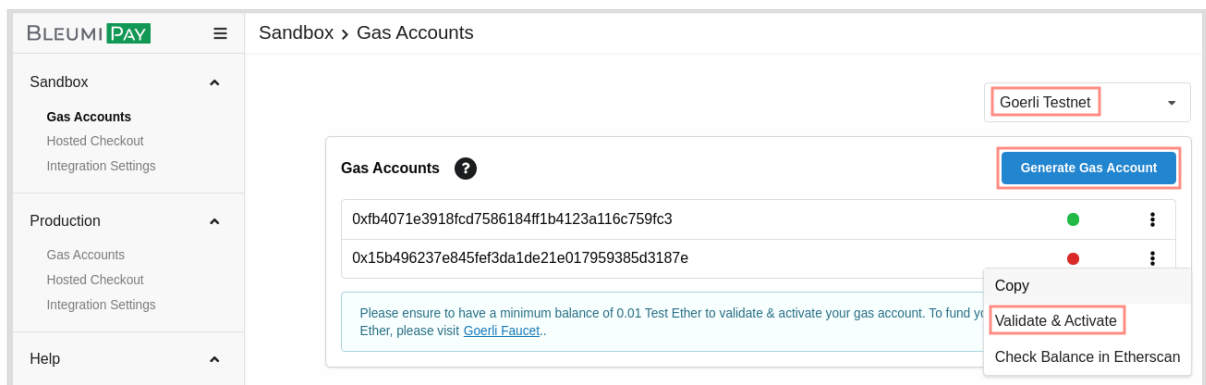

Note: Production network access requires a verified account. To enable production access, contact support@bleumi.com.

Setup Gas Accounts

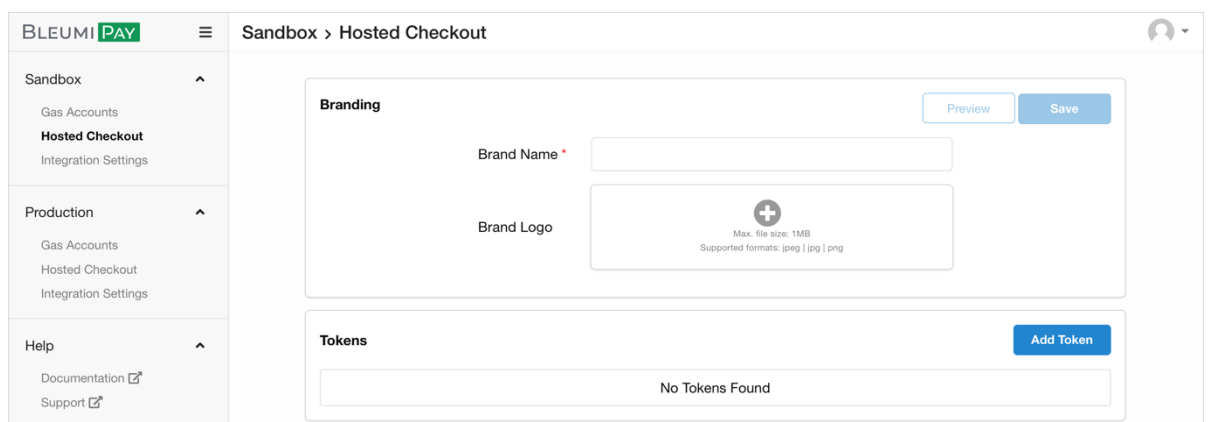

Gas Accounts are used to fund Network Fee for your payment operations (Settle/Refund) on the Network.

- 1) Log in to [Bleumi Pay Dashboard](#) and navigate to **Sandbox (or) Production > Gas Accounts**.
- 2) **Select the Network** for which the Gas Account needs to be setup.
- 3) Click **Generate Gas Account**.
- 4) **Fund Gas** to the Gas Account and click on **Validate & Activate** to activate the Gas Account.

Setup Hosted Checkout

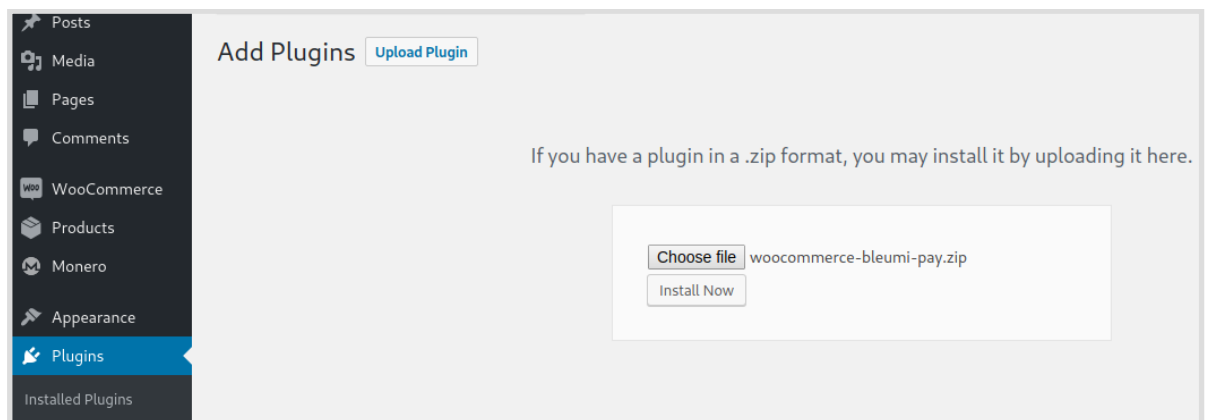

- 1) Log in to [Bleumi Pay Dashboard](#) and navigate to **Sandbox (or) Production > Hosted Checkout**.
- 2) Under **Branding**, customize the Brand Name and Brand Logo to be displayed in the Bleumi Pay Hosted Checkout of your WooCommerce Store.

- 3) Under **Tokens**, click **Add Token** to configure the tokens that you wish to receive as payments from your WooCommerce Store users. You can either:
 - a. **Select a predefined token** and provide a Token Settlement Address (Your Wallet Address to receive payments).
 - b. **Add a custom token**

Step 2: Install & Configure Bleumi Pay WooCommerce Plugin

- 1) Download [Bleumi Pay WooCommerce Plugin](#).
- 2) Log in to the WordPress admin panel of your WooCommerce Store.
- 3) Navigate to **Plugins > Add New** and click on **Upload Plugin**.
- 4) Choose the downloaded plugin file (woocommerce-bleumi-pay.zip) and click on **Install Now** to add Bleumi Pay as a Payment method on your WooCommerce Store.

- 5) Enable Bleumi Pay as a Payment method on your WooCommerce Store:
 - a. Navigate to **WooCommerce > Settings > Payments** and click on **Manage** under **Bleumi Pay** payment method.
 - b. Check **Enable Bleumi Pay** checkbox.
 - c. Copy and paste your Bleumi Pay API Key from Bleumi Pay Dashboard > **Sandbox (or) Production > Integration Settings**.
 - d. And Click **Save Changes**.
